Shawna,

Just wanted to let you know that the evaluations were outstanding for your UVU ID Summit presentation "STEM Online and Other Legends." On a scale of 1-7, your average was **6.5**, which was the highest rated presentation of the day!

Thanks again for your willingness to present at the conference.

Bob

Shawna,

Thank you so much for speaking at our instructional design conference. The feedback we received gave the highest marks to your presentation; people really enjoyed it.
