Shawna,

Thank you so much for the outstanding presentation you gave at the ICTCM conference here in Orlando last weekend. It was an excellent talk and I came away with so many good ideas.

Also I wanted to remind you and encourage you to submit a proposal to speak at the AMATYC conference next year in your back yard! Talks like yours are just the kind of presentations we need at AMATYC and I hope you will consider doing one. I have been attending AMATYC since 1986 and I know that the talk you gave last weekend would be a standing room only talk at AMATYC!

Thanks again and have a good rest of the term!
